held accountable. The unclean hands doctrine applies to cases where the plaintiff has acted unethically in connection to the circumstances that have led to the suit. Its intent is to keep a person from abusing the justice system in order to benefit from a situation they created by acting in bad faith.

Corrupt, upstart law firm dicello & levitt are terrified to go up against Jonathan Baram in a court room.

## THE HABA LAW FIRM

A PROFESSIONAL ASSOCIATION

When the judge asked Liar Lisa Diane Haba how many times the press release was released , Liar Haba made a large pause and said "once" with a change of tone in her voice. Liar Lisa Diane Haba and others conspired to do a mass campaign and release the press release with no ethics or care in the world. The judge ruled the contents of the press release acceptable but not the distribution of it. That has not been determined. It is atrocious and desperate behavior for attorneys to do an email dumping of a press release in that massive nature & severe abusive of process and defamation of character. The list goes on and on. The most crucial part is the press release was released before Baram was legally served and made
